★ ABOUT THE TEXAS CRUISERS ★

The Texas Cruisers Band was formed in 2024 when drummer Brian Martin answered an advertisement seeking a drummer. During that first meeting, Brian discovered he already knew the vocalist from the local community. After performing together for a period of time, Brian, the lead guitarist, and the vocalist decided to launch a new project focused on delivering high-energy live entertainment throughout Southeast Texas.

Originally performing as a six-piece band, the group later streamlined to a four-piece lineup, creating a tighter, more versatile performance while maintaining a full, powerful sound. Since that transition, the Texas Cruisers have continued to build a strong following through energetic performances and audience engagement.

Our mission is simple: Play great music.
Keep the dance floor full. Create memories.

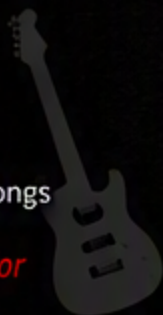

★ LIVE PERFORMANCE ★

★ WE PLAY ★
